## Find the “hidden wheelbarrows” for \$100

Each year Easter brings back memories of chocolate bunnies, decorating eggs, and Easter egg hunts. Young and old alike enjoy the renewal taking place with the birds beginning to sing, flowers beginning to bloom and the much anticipated warming of the air. The Easter Bunny just can’t wait

for the flowers to bloom this year, so he has filled twelve wheelbarrows full of tulips, daffodils, and hyacinths and hidden them all over Bracken County.

To help spread the fun, *The Bracken County News* will be giving away \$100 in their find the “hidden wheelbarrows” promotion.

Readers can win by searching the ads, headlines, and pictures to find out where the “hidden wheelbarrow”, as shown below, is hidden, in four locations, in this issue and the March 14th, and the March 21st issues of *The Bracken County News*.

To enter, simply fill out all twelve locations with page numbers on the entry form included in each issue and mail or drop off your forms to the office by Monday, March 25th at noon. **Only forms that contain all twelve (12) locations are eligible to win.** One winner will be chosen from all entries to win the \$100 and will be notified by phone.

## Dr. Shotwell performs new transradial heart cath

Dr. Matthew Shotwell has recently began offering an alternative method for heart catheterization to his patients. Instead of the traditional procedures, he can now perform a transradial artery catheterization, where a puncture is made in the radial artery in the wrist and a guidewire is inserted and moved toward the heart. Once the area of the heart is reached, the guidewire is removed and the catheter is then injected with an iodine-based contrast where the doctor can then perform either a diagnostic test or can intervene with a blockage or build up of plaque with the insertion of a stent to open up the artery.

In contrast to the femoral artery or groin procedure, the patient spends less time in recovery and is able to sit up and become ambulatory, or walk around, sooner. Traditional heart catheterizations require the patient to lie flat for several hours to prevent bleeding or the development of a hemotoma or swelling with pressure applied to the area.

The transradial procedure alleviates the post-procedural pain problem some patients experience with the transfemoral procedure. The transradial procedure works well for certain patients such as the obese, elderly

and women. Where sandbags were once placed on the groin area, now a clear plastic watchband is worn on the wrist over the procedure site and pressure is applied to the vein and released a little at a time.

The first person in Mason County to receive this new procedure was Bob England of Augusta. The 73 year old had had a transfemoral cardiac catheterization from Dr. Shotwell seven years ago at a Cincinnati hospital. He had experienced some bleeding after the procedure, that revealed he had a blockage and three stents were put into his heart. Due to the excessive bleeding, he was hospitalized.

When Dr. Shotwell returned to the Maysville area,

England scheduled a visit to have some heart health issues checked. Due to those issues, they talked about the two types of heart catheterizations and decided to go with the new transradial procedure.

Since his return in November, Dr. Shotwell is again an active medical staff with hospital privileges at Meadowview Regional Medical Center in Maysville.

Dr. Eric Lohman of Ohio Valley Heart will also be offering the procedure to his patients at Meadowview.

Dr. Shotwell’s office, Cardiovascular Consultants of Kentucky, is located at 191 Wal-Mart Way, in Maysville (next to The Dollar Tree). He can be contacted at 606-759-0021.

## May to hold book signing at Bracken County Public Library

Have you read any good books lately? Debbe Hardymon May has written a children's picture book entitled **Buster's St. Patrick's Day**. The book was self-published with Trafford Publishing. The book is about a cat named Buster who wants to please his little mistress, Megan. Megan wants to be in the St. Patrick's Day Parade in their town, but it is later that night and they don't have much time. Megan would be thrilled to win a prize. Buster and his animal friends begin romping through their yard and neighborhood looking for items they can use to make costumes. Will the animals and the children have an entry good enough to win a prize? You will have to read the book to find out.

Debbe has a background in English and library science. She worked as a children's librarian in Campbell County, the Cold Spring Branch until she retired a few years ago. "I guess I can mark 'writing a book' off of my bucket list now," she said. However, she would like to do a series of Buster books centered around holidays, some holidays that you never see books about. Libraries would buy these books if they were available. Debbe wants her books to be appropriate for story hours and that means they have to be short, zippy and full of action. "Children's picture books are an art form," she says. "I love beautiful picture books that are beautifully illustrated and well written. You can tell it's my passion because of the collection I have at my house," she added.

In addition to the holiday series, she would like to write books that address topics she and the other children's librarians looked for but couldn't find. The picture book market is the most competitive of all, but it is what she knows and she is hoping she will eventually have success in this market.

Debbe lives just outside of Augusta. She was born in Savannah, Georgia when her father was in the United States Air Force, and her family returned to Kentucky when she was two. She grew

up in Burtonville, in Lewis County, attended Tollesboro High School, Kentucky College and Technical School, known then as Maysville Community College and then she transferred to the University of Kentucky where she majored in English and she also got her teacher certification. Years later she obtained a Master's degree in library science. Over the years, she has resided in Maysville, Lexington, Flemingsburg and now Augusta.

Debbe will be signing books at the Bracken County Public Library from 10:00 to 11:00 a.m., Saturday, March 9 and at Amy's Blue Daisy from 2:00 to 3:00 p.m.

The book will be available for purchase then and at the following locations: Amy's Blue Daisy, Small Town Gift Shop, and Reynolds' Pharmacy, in Augusta and at Dean's Pharmacy in Brooksville.

It will also be available at Classic Closet in Maysville and after the details are worked out, the Maysville Art Guild. The book is also available at the Morris Book Store in Lexington and the Blue Marble in Fort Thomas. It is on Goodreads, ABE Books, black caviar-book-club.com, and is indexed on Scribd. Debbe has a Facebook page for the book under Debbe Hardymon May and the book is being promoted through a sponsored ad on Facebook. It is being sold on Amazon.com and Barnes and Noble. Several independent booksellers who are listed with Amazon.com have the book.

The public is invited to attend either one of the book signing events.

## Thou Shall Not Kill

Is the commandment to abstain from killing absolute or relative? Is it permissible to kill in wartime or in self-defense? Is it permitted to kill in order to eat? Nowhere does Jesus condemn the soldier, and it could be argued that the respect for the sanctity of life sometimes requires us to kill. Someone who is on a murderous rampage and who can only be stopped by being killed would seem to justify killing. Soldiers and police often kill to protect life, including their own. But killing

should always be done with judgment and forbearance, including the killing that is done in order to eat. Peace is always preferable to war, and one should consider violence or killing only as a last resort. Consider the story of King David, who is not allowed to build the temple because he has blood on his hands. The responsibility for building the temple is passed to his son Solomon.

—Christopher Simon

"David said to Solomon: 'My son, I had it in my heart to build a house for the Name of the Lord my God. But this word of the Lord came to me: You have shed much blood and have fought many wars. You are not to build a house for my Name, because you have shed much blood on the earth in my sight.'"

## PRESBYTERIAN POTPOURRI

*by Les Grooms, pastor Augusta Presbyterian*

We had our third Lenten worship service this past Wednesday in the Presbyterian Church. The church was almost full. It is such a pleasure for a pastor to look out and see a sanctuary almost full and have the front seats occupied. Bill Clos, pastor of United Methodist Church and Steve Wheeler, pastor of the Nazarene Church, assisted me in the worship. This next week the Lenten service will be held in the Christian Church. The offering goes to the Ministerial Association who helps the needy.

This past Sunday we had seventeen present for Sunday school. Ten of these were in the adult class which is studying Max Lucado's book "Grace".

Earl Bush was the worship leader. Susie Hargett led the singing. Jean Appelman prepared the communion elements. Howard Murray and Bud White served the elements. Maryalis Brindley sang during communion. Jill White did the power point.

We had 62 present for worship. The topic of my sermon revolved around bearing fruit.

## GREETINGS FROM ST. JAMES

*by Caroline Jefferson*

There has been a slight change in schedule for Lenten devotions for this week only. There will not be any devotions on Wednesday evening. Fr. Greg will be out of town on Friday and will not be available for Friday evening Mass; however, Ms. Debbie will lead us in the Stations of the Cross followed by a Communion Service. The Women's L.I.F.E. Group will meet Wed., Mar. 13 after the Stations of the Cross. Friday Fish Fry will be held as scheduled and we are happy to see so many folks enjoying these Friday fish meals! If you haven't tried these meals yet, come join us this Friday from 5-7 p.m.

Please continue to pray for guidance from the Holy Spirit for the cardinals who have convened in Rome to elect the next Pope of the Catholic Church. This is such an unusual circumstance for the one billion Catholics worldwide and it is important that we pray these cardinals receive the wisdom and courage to elect a holy man, dedicated to God and the continuance of the Catholic faith. We pray also for those who serve in our military, for the sick of our community and for the leaders of this country!

## Augusta woman indicted for SSI and Health Care Fraud

An Augusta, woman is accused of fraudulently collecting money and benefits from federal and state assistance programs for approximately six years.

A federal grand jury in Covington returned an indictment on February 14 charging 47-year-old Yvonne Campbell with Supplemental Security Income (SSI) and health care fraud. Eight other Kentuckians were charged in separate cases with similar offenses.

According to the indictments, Campbell fraudulently obtained benefits from SSA and Medicaid by concealing and intentionally failing to disclose to SSA her true living arrangement and financial resources.

As part of her scheme to qualify herself and her daughter for benefits, starting in February 2006 and continuing to February 2012, Campbell allegedly told the SSA that she had divorced her husband and was not receiving financial support. In reality, Campbell lived with her husband and they shared living expenses.

Had SSA known Campbell's true living arrangement and financial resources, she would have been ineligible for SSI, or their eligibility would have been reduced greatly.

SSI is a cash assistance program designed to provide financial assistance to elderly and disabled people who have little or no income or resources. Based on an agreement between Kentucky and the SSA, Kentuckians who are eligible for SSI also qualify for Medicaid coverage.

Kerry B. Harvey, U.S. Attorney for the Eastern District of Kentucky and Guy P. Fallen, Special Agent in Charge, Social Security Administration jointly made the announcement. The investigation was conducted by the SSA. Assistant U.S. Attorney Chris Nasson represents the U.S. Attorney's Office in this case.

A date for Campbell to appear in court has not yet been set. If convicted, Campbell faces up to five years in prison. However, any sentence following a conviction would be imposed after the Court reviews the U.S. Sentencing Guidelines and the federal statutes.

## Salato Wildlife Education Center reopened for season Fri., March 1

You might live in Kentucky for years and still not see all the wildlife you'll observe in just one afternoon at the Salato Wildlife Education Center in Frankfort.

The Salato Center, which has remained closed for the winter, reopened Friday, March 1 with sights and activities for the whole family to enjoy. "Salato is a great place to stretch your legs and have some fun," said Laurie Davison, the center's director. "Where else can you walk underneath a waterfall, climb into a simulated eagle's nest, hatch from an egg and see a black bear or rattlesnake up close?"

Later in March, employees will debut Salato's newest resident: a spunky bobcat that's full of energy.

Salato is a must-see stop for school groups and visitors checking out the sights around Kentucky's capitol city. Kids can burn off that excess energy while learning more about the outdoors. Visitors can marvel at native fish, turtles and trout swimming in the center's aquariums, or see elk, deer, turkey,

bison, owls, an eagle, quail and more.

"Kids really love walking through the giant fish, putting on the beekeeper's outfit and using nets to scoop up fish from our simulated shocking boat," Davison said. "Families also enjoy getting off the paved paths and walking through the woods we have four miles of trails to explore."

The Salato Center is operated by the Kentucky Department of Fish and Wildlife Resources. The center is located off U.S. 60, approximately 1 1/2 miles west of the U.S. 127 intersection. Look for the bronze deer statue at the entrance of the main Kentucky Fish and Wildlife campus.

Hours are 9 a.m. to 5 p.m. Tuesday through Friday, and 10 a.m. to 5 p.m. Saturday. Salato is closed on Sunday, Monday and state holidays.

Admission is \$4 for adults and \$2 for youth 5 to 18. Children under 5 are admitted free. The center also offers annual memberships for individuals and families.

## ADAM H. EDELEN AUDITOR OF PUBLIC ACCOUNTS

To the People of Kentucky

Honorable Steven L. Beshear, Governor  
Lori H. Flanery, Secretary  
Finance and Administration Cabinet  
Honorable Earl Bush, Bracken County Judge/Executive  
Honorable Howard Niemeier, Bracken County Sheriff  
Members of the Bracken County Fiscal Court

### Independent Auditor's Report

We have audited the Bracken County Sheriff's Settlement - 2011 Taxes for the period April 16, 2011 through April 16, 2012. This tax settlement is the responsibility of the Bracken County Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Sheriff's Tax Settlements issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the Sheriff's office prepares the financial statement in accordance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the Bracken County Sheriff's taxes charged, credited, and paid for the period April 16, 2011 through April 16, 2012, in conformity with the modified cash basis of accounting.

In accordance with Government Auditing Standards, we have also issued our report dated November 9, 2012 on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Respectfully submitted,

Adam H. Edelen

**Lexington man sentenced to 96 months for Bank Robbery**

A federal judge sentenced a Lexington, Ky., man to 96 months in prison for robbing a bank in Maysville, Ky., in May of last year.

U.S. District Judge Danny C. Reeves sentenced 36-year-old Patrick Andrew Donald Tuesday for bank robbery.

Donald previously admitted that he and an accomplice robbed the Security Trust Bank in Maysville, Ky., on May 16, 2012. According to testimony at Donald's sentencing hearing, the two men entered the bank dressed in winter clothing and demanded money from three tellers. Donald's accomplice insinuated that he had a gun and used his hand to conceal a metal object in his coat pocket. The accomplice then repeatedly pounded the counter in front of the tellers with this object as he demanded money.

Because the metal object was considered a dangerous weapon and used to commit the robbery, Donald received an enhanced sentence.

Donald pleaded guilty to the robbery in September 2012.

Under federal law, Donald must serve at least 85 percent of his prison sentence and will be under the supervision of the U.S. Probation Office for three years following his release.

Kerry B. Harvey, United States Attorney for the Eastern District of Kentucky, Perrye K. Turner, Special Agent in Charge of the FBI's Louisville Field Office, Ronald Rice, Chief of Police, Maysville Police Department and Ronnie Bastin, Chief of Police, Lexington Fayette Urban County Government jointly, jointly announced the sentence.

The investigation was conducted by the FBI, the Maysville Police Department, and the Lexington Police Department. The U.S. Attorney's Office was represented by Assistant U.S. Attorneys Kenneth R. Taylor and Andrew T. Boone.

## TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

**606-735-9960**

Howdy Folks! Just when we were beginning to enjoy the daylight before we left home for work, Daylight Savings Time kicks in this Sunday, and our workday will once again begin in the dark! Since 2007, Daylight Savings Time has been established as beginning with the second Sunday in March and ending with the first Sunday in November. DST was actually conceived way back in 1784 by Benjamin Franklin, but throughout its history, daylight savings time has been controversial. States and even entities within states had the authority to adjust time change which created a lot of confusion especially for the transportation industry. During WWII, President Franklin Roosevelt instituted year round daylight savings time as a means of conserving energy from February 9, 1942, until September 30, 1945, with this period in American history referred to as "War Time". From then until 1966 there were no Federal laws or regulations and time was literally a personal or local decision. We read only eight pages of material of our Google Search regarding daylight savings time which was enough to make us realize that standardization of time in our modern society is a necessity, and while these old bones do not relish change, we will eventually adjust, whether we like it or not!

Some things that time never seems to change are the practices of littering and illegal dumping along our county and state roads. We are making preparations to being our 26th road clean since becoming Solid Waste Coordinator in August of 2004. Since that time, many individuals have joined their non-profit groups to pick up someone's litter to create a cleaner, safer and healthier environment for all citizens of Bracken County. Last year alone there were 816 bags of garbage gathered from nearly 180 miles of roadway, both sides of the road. Because of limited funding, we can only clean the most littered roadways, but multiply those figures by nine years of litter pickups and that represents a staggering amount of trash that would be overwhelming us if it had not been removed from the ditches and right of ways by Bracken County Litter Patrol Groups! Currently we have enough groups for our Spring Clean which will begin the first week of April. While we like to center our Spring Clean around Commonwealth Cleanup Week, Easter is March 31 and schools in the county will be out for Spring Break April 1 through April 7, so the Spring Road Clean will run from April 1 through April 25.

We encourage you to call with any questions or

suggestions and a call last week regarded publication of the Recycling Do's and Don'ts which we are happy to tell you have been published bi-monthly in *The Bracken County News* for three years! The February 7 issue contained this list and it will be published again in the April issue. If you do not subscribe to the News, give us a call and we can get this information to you, but better yet, give yourself a present and subscribe to *The Bracken County News*! Recycling material at the News Office is picked up by us on a weekly basis as we do for several businesses in Augusta and Brooksville. Most businesses have more recycling than households, and in order to keep space available in the trailers for individual recycling, we pickup from businesses on a weekly basis. The ladies at the News, along with so many other businesses, realize the importance of RECYCLING, REUSING and REDUCING to keep God's earth clean, green and beautiful! Be seen' you – *Bin & Bug*.

### Transportation crews to begin treating for noxious weeds

*Nuisance plants can  
interfere with driving,  
damage infrastructure*

Kentucky Transportation Cabinet crews will begin treating for noxious and nuisance weeds throughout the state this month. The treatments aid in controlling the spread of undesirable plants along state highway rights of way.

The cabinet, in accordance with KRS 176.051, targets Johnson grass, giant foxtail, Canada thistle, nodding thistle, multiflora rose, black nightshade, wild cucumber and kudzu.

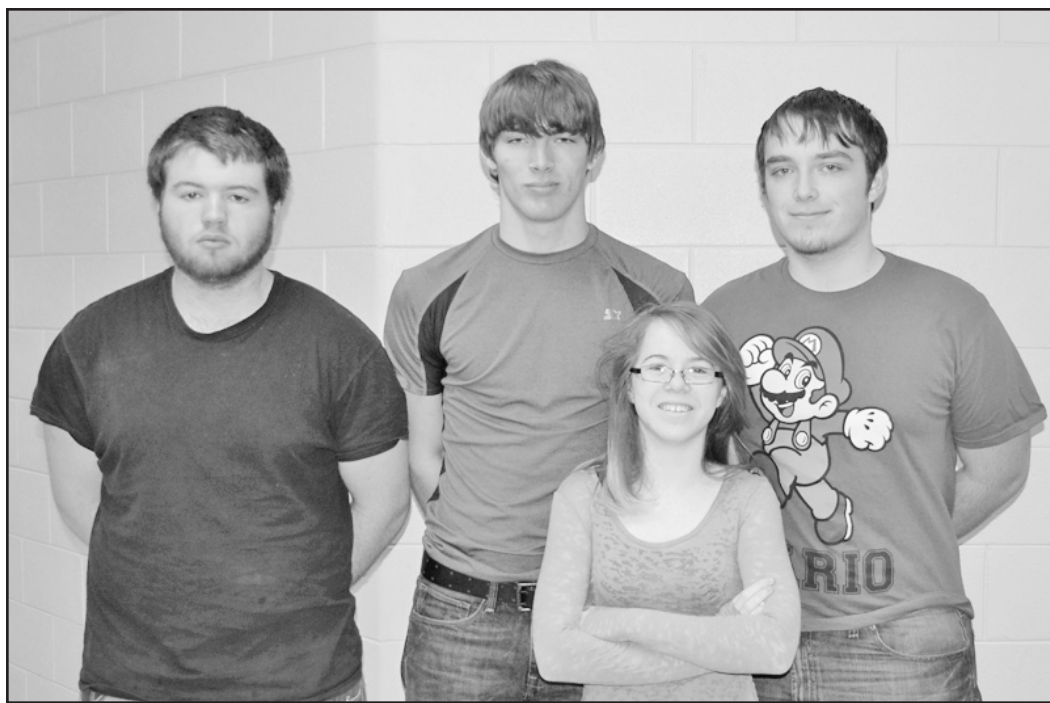

Property owners can learn more about specific treatments in their areas by contacting their district highway office. Visit [www.transportation.ky.gov](http://www.transportation.ky.gov) and click on the map for district contact information.

Left uncontrolled, noxious weeds can grow so large that they interfere with a driver's line of vision on highways. They can also damage pavement and embankments and clog ditches, causing drainage problems.

Noxious weeds often invade and destroy the roadside turf grass, leaving these areas vulnerable to erosion. They can also smother native plants through rapid reproduction and long-term persistence.

Motorists are reminded to use extra caution when crews spraying for weeds are out on the roadways.

### ADAM H. EDELEN AUDITOR OF PUBLIC ACCOUNTS

The Honorable Earl Bush, Bracken County Judge/Executive  
The Honorable Rae Jean Poe, Bracken County Clerk  
Members of the Bracken County Fiscal Court

#### Independent Auditor's Report

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the County Clerk of Bracken County, Kentucky, for the year ended December 31, 2011. This financial statement is the responsibility of the County Clerk. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion. As described in Note 1, the County Clerk's office prepares the financial statement on a regulatory basis of accounting that demonstrates compliance with the laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the County Clerk for the year ended December 31, 2011, in conformity with the regulatory basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated November 19, 2012 on our consideration of the Bracken County Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

This report is intended solely for the information and use of the County Clerk and Fiscal Court of Bracken County, Kentucky, and the Commonwealth of Kentucky and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

Adam H. Edelen

**Basketball old timer thought he'd "lived long enough to see everything!"**

A grizzled septuagenarian basketball fan looked out over his coffee cup the other day and said, "Y'know, I've lived long enough to have seen just about everything."

Maybe. Maybe not.

Dateline: Pyongyang. When an ex-basketball flake with barbed wire hanging from his lips and nose makes himself USA's ambassador to North Korea, my 75-year-old pal has plenty of new stuff to look forward to.

Dennis Rodman told the world last week that dictator Kim Jong Un "is an awesome kid" who loves basketball as much as Barack Obama. And, he said, Jong Un wants a phone call from President of the United States to make everything all right.

Think of it, Obama out back of the White House, posting up his man.

Meanwhile, what a pair for diplomacy, Dennis Rodman and a fan with his finger on a nuclear button.

But let us be optimistic. Our world could be saved by a phone call request channeled by nose-ringing cross-dresser who hangs out with the Globetrotters. Then, who knows, we could witness nomination for a Nobel Prize for Peace ... Dennis Rodman.

No, my 75-year-old friend has not seen everything. Better hang around awhile.

America. I love this place!

**KENTUCKY**

With the Kentucky Wildcats having played themselves back onto the ledge of the NCAA Tournament at Arkansas, a few things seem obvious.

First, the bull rush play at Fayetteville brought to mind ...

Rick Pitino style.

- Rush tempo early, get crowd involved, influence game officials who often cannot resist being swept up in crowd-pleasing on 50-50 calls.

- Test officials early, find level of rough play allowed.

Coach Mike Anderson added to the frenzy by substituting in waves.

Result? The Wildcats rushed, were rattled, got tired and let themselves be bullied.

Which brings us to ...

**LEAVIN' & STAYIN' DEPT.**

Kentucky's Alex Poythress and Archie Goodwin.

This month and next fans will watch for ...

1. Hints on who coaches want to return next season and not.

2. Signs for who players and families are listening to (advisors/agents).

Alex Poythress. On his bone-jarring/in your face test on the road, he failed.

Poythress's lackluster body language indicates he's ready to be paid-to-play. Reality: Sit on an NBA bench, be a spot player; Or, like Terrence Jones, play in the development league.

Archie Goodwin. Instincts and style, unless Goodwin changes dramatically, the coach-speak hints are there is no place for him at Kentucky next season.

He is a one-on-everybody player who's style better suited to the NBA though he is clearly not physically ready and certainly not mature enough.

Bottom line. With Calipari's recruiting class for next season, playing time for Poythress and Goodwin as they are today, projects to go down, not up.

**SELECTION SUNDAY**

Days until college basketball's biggest holiday, Selection Sunday, is near single digits and what do we have? Precisely what fans want no clear-cut favorite to the Final Four, and number one seeds still up for grabs.

Heading to league tournaments, who's playing best? Gonzaga (West), Duke (Southeast), Georgetown (East) and Louisville (Mideast).

**'NEW' BIG EAST**

With the so-called Catholic 7 as its core, college basketball's newest hot item is the NEW Big East: DePaul, Georgetown, Marquette, Providence, St. John's, Seton Hall and Villanova will be joined by Butler, Xavier,

**KHSAA Boys' Sweet 16® Tournament Live On iHigh.com**

The free online coverage will also include LIVE post-game press conferences for all tournament matchups.

iHigh.com and KHSAA are very excited to offer fans all over Kentucky and the rest of the country the chance to see boys' basketball action from this year's state championship games.

Go to Khsaa.tv to view LIVE online coverage from the 2013 KHSAA Boys' Sweet 16® State Basketball Tournament.

St. Louis, Dayton and Creighton.

Lots to like about this new league.

Little wonder television (FOX) is clamoring for a contract. Market reach begins with the Big East tournament staying at Madison Square Garden and stretching into ratings rich cities, Philadelphia, Cincinnati on to Chicago and St. Louis on to Omaha, Nebraska.

Impact in Kentucky? None, right? Wrong. Louisville's Yum Center will sell out for future Cardinal opponents Duke, North Carolina and other ACC teams, and Charlie Strong's football program will be a force, basketball series with more geographically compatible rivals won't happen.

**WESTERN KENTUCKY**

Conference re-alignments further afield, Western Kentucky would have been a better geographic fit in Conference USA than Florida Atlantic. FAU and Middle Tennessee left the Sun Belt for C-USA. Should have been Middle and Western.

With Eastern Kentucky long since in its rear view mirror, WKU athletics lose rival Middle Tennessee also.

A Hilltopper all-sports presence in C-USA would be a natural alongside Southern Miss, Marshall and Memphis, with good exposure into media markets Houston, New Orleans (Tulane) on to Tulsa.

View here is, Western Kentucky, like Middle Tennessee, has outgrown the Sun Belt.

**UK-WKU PERFECT STORM**

And, in a perfect storm kind of way the Kentucky-Western Kentucky football opener Aug. 31 is already starting to draw a day-to-day countdown.

Hilltoppers fans, still aglow from beating UK in Lexington last year, are anxious to get the Wildcats in neutral Nashville this year.

New coach Bobby Petrino, a bevy of returnees and large recruiting class, adds to expectations.

Meanwhile, Kentucky fans are revving up also with new coaches, a well regarded recruiting class and must-win-this-one motivation.

For Kentucky after WKU, the Wildcats move on to play consecutively: Louisville, Florida, (at) South Carolina, Alabama and (at) Mississippi State.

Footnote: Unofficially, more than 27,000 tickets have been allotted already for Kentucky's spring game April 13.

**PARTING SHOT**

As Syracuse continue to spiral downward, the coach's patience with media did likewise. Following another loss, Jim Boeheim at a postgame press conference was asked why a certain player was on the bench at a crucial time. He blew off the question and replied,

"Any more coaches here? Want to ask another coaching question? I'd be happy to take it. I've only been doing this 37 years, I'm sure you've got more ideas of who we should play or we shouldn't play or who should lead? What do I know?"

Its March after all, a trip on road to the Final Four some coaches won't be making.

And so it goes.

**Panthers fall to Scott Eagles in Regional Play**

By: *Matt McCane*

With their 39th district championship win last week the Augusta Panthers put to rest mentioning of the 1982 season. The next season to talk about? 1950. The last time Augusta won a game in the 10th region tournament. For the third time in Augusta's last 4 regional trips they would face the Scott Eagles. In the 1st quarter Augusta wouldn't get much offense but what they did get, for the most part, was from freshman Connor Maddox with his 3 three pointers. The Eagles were out in front 16-11. In the 2nd quarter Scott's physical defense continued to give the Panthers fits. Augusta found it hard to get many open looks while the Eagles were strong on the boards keeping the Panthers from getting too many second chances. Scott would go to the break leading 36-28.

In the 3rd quarter Augusta came out on a mission as Brent Bach scored the first 5 points of the second half to make it a 36-33 game prompting a Scott timeout. The break in action wouldn't help the Eagles too much as they struggled to score, as did Augusta. The two teams combined for 18 points in the quarter, 11 of them from the Panthers to bring them within 43-39 going into the 4th quarter. It would be a tight game most of the final period as Augusta stayed close but never could get ahead. They did make it interesting though. On numerous occasions the Panthers closed to within 2 points but Scott had an answer for Augusta each time. Tanner Kelsch hit a three pointer to make it 62-59 and a timeout stopped the game with 0.7 seconds to go. Augusta got the steal they hoped for but Camryn Snapp was inside the 3 point line and time expired as his shot bounced off the rim. Augusta ended the season, one of their most memorable, at 21-11.

"We played hard, especially in the second half, but just couldn't get any breaks to go our way," said Coach Hinson, "Hate this for our seniors but we'll be back strong next year. We had a lot of

success this season and we'll look to build on that for next year."

Scoring vs. Scott: Bach 22, Kelsch 13, Maddox 11, Snapp 7, Crawford 1.

So they say all good things must come to an end. Unfortunately this ended too soon. But along the way these Panthers made history. They celebrated their first Bluegrass Basketball Conference Championship, the school's first boys varsity win over Mason County, the fifth 20-win season in school his-

tory, and the first district title in 31 years. We say goodbye to seniors Austin Conn, Caleb Hunt, Tanner Kelsch and Cody Staggs. We will miss these four young men and appreciate their accomplishments. Much appreciation goes to *The Bracken County News* for allowing me, for the 13th season, to write these game stories to help Panther fans keep up with their favorite team. Congratulations to Coach Hinson, his staff and the team on one of the most memorable seasons Augusta

fans have ever seen. We have the best, most supportive fans in our region as witnessed in the district and region tournament. Much appreciation to everyone that either comes to the games, listens to the webcasts or reads about them here. Can't wait to get next season started. We'll see you then! Go Panthers!!!

## Farm Bureau food Check-Out winners announced

*Pictured left to right are Sandy Williams - winner, Jean Conley and April Hamilton - K's IGA employees, and Louise Moneyhon - Farm Bureau Women's Committee.*

The Bracken County Farm Bureau Women's Committee participated in the 17<sup>th</sup> National Food Check-Out Week. This is a campaign led by the American Farm Bureau Federation to commemorate America's healthy, nutritious, abundant, and affordable food supply. This event was held locally February 17-23<sup>rd</sup> at K's IGA in Augusta and Lee's IGA in Brooksville to under score that farmers are at the heart of the world's most efficient food system. The third week

of February was chosen for Food Check-Out Week as a bridge to National Nutrition month celebrated in March. It is also initiated to put a spotlight on the low cost of food in the United States. While this remains the primary message, Farm Bureau also stresses nutrition and value in the food supply.

This local event presents the County Women's Committee an excellent opportunity to highlight both Kentucky and Bracken county agriculture to the consumer. A drawing for a \$50 gift certificate was held at each store.

Keith Doss of Powersville was the winner from Lee's IGA and Sandy Williams of Augusta from K's IGA.

The committee appreciates Harold Turner, manager of Lee's IGA, Vaughn Kelsch, owner of K's IGA and all their employees, Jim Fields and his FFA members – Adam Brothers, Branden Cummins, Daniel Figgins, Paul Figgins, Taylor Hesler, Lauren Mains, and Darren Weissman for their assistance during the event, as well as their community for shopping locally.
